Marion, Crittenden County, Kentucky, Friday, July 7, 1922

Number 51

## TO HAVE GOOD-ROAD MEETING

Come With a Plan or Suggestion to Help to Relieve the Situation

Since the letter last week concerning the width of the tire and the weight of the load that may be hauled over the roads in the state of Kentucky, there have been many friends to see me. Some of these friends are haulers themselves, some are spare producers, some are men who own the teams and live in one town or another and sit around and manage affairs while the hired driver does the hauling; others are the merchants that sell goods to these haulers, drivers, operators, etc. To write all that has been said during the time would furnish sufficient reading matter for a daily issue of the Crittenden Press for the remainder of the year. Of course some of it might not look good in print, or sound good to a moderately pious Christian or Sunday School teacher, because the law was rushed and discussed the State Legislature reproved and revised, the Crittenden county road system condemned, hanged, cut down and buried, the overhauls and hands all sentenced to long terms in the penitentiary, and all the world to general brought to an immediate and untimely end. Only good citizens that I knew of blamed the County Judge for the law being on the statutes and after being convinced of the innocence of that worthy, said, "Well you had no business publishing it in the Press. There was not a man in the county that knew about it until then."

The essence of the whole condemnation has centered itself to this, that we are going to have a good-road meeting in the auditorium of the court house, on Saturday afternoon at two o'clock July 14th to agree upon a plan whereby an equitable arrangement may be had to maintain the roads over which the great quantities of spar are moved.

Now Mr. dear hauler, operators, merchants and others I know you have said things about the County Judge that are not calculated to send him to a better world, or even to elect him to a second term of office but this is one time when I am not electing, but am trying to bring about an equal distribution of the burden of road maintenance between you and all other interests in the county. Come on, and let us hear your plan. Everybody has a good right to measure the width of any tire until the 14th but after that well, come on and let's pledge our selves to help each other in the matter. Everybody that wishes to come to this meeting is hereby given an invitation. I should especially like to see all road overseers of the county that can possibly come, at the meeting. It is really important that measures of the roads over which spar is hauled should be here, for I am quite sure some one is going to be awarded a contract to keep in repair these spar roads.

Let your proposition well in mind write them out if you think you can not remember them and bring them here and we will get them all together and try to adopt the most equitable. I also extend this invitation to any and all business men of Marion, Mayfield, Frances and Salem as most of you are interested in the spar industry. The Marion Chamber of Commerce is especially invited if there are any doctors, lawyers, preachers, bankers, mail carriers, tax drivers, insurance agents, oculists, dentists or black berry peddlers that may be interested in good roads you have an invitation to attend the meeting. If the farmer and the road hands who are to blame for all bad roads in Crittenden county (?) want to be at this meeting we will try to find room for him. Come on. Don't forget the date, July 14 at two o'clock P. M. in the court room. Yours very truly,

E. JEFFREY TRAVIS,  
County Judge

## HOME COMING

Rev. U. E. Johnson and wife of Indiana, who have recently moved from Wyoming are visiting her parents, Mr. and Mrs. J. L. Craft near Salem Sunday June 25. His children, grandchildren and great grandchildren went in with well filled baskets and the day was well enjoyed by all present. All his family was there except one son of Iowa who was absent on account of sickness.

## CHAUTAUQUA

Monday Evening Closed One of Best Hedpath Programs Seen in Our City

Our Chautauqua program for this year is over and many who saw each of the numbers pronounced it the most interesting and best balanced program that has been presented in this city. From the opening number to Monday evening when Vienna's native Hawaiian and Jesse Pugh, the noted humorist, closed the program, every number was well attended and enjoyed by the people of Marion and Crittenden County.

The ladies of the Ladies Club are to be congratulated and thanked for the part which they took in selling the tickets this year and in obtaining guarantees for the Hedpath Chautauqua for next year.

On Thursday evening of last week the comedy drama "Turn to the Right" was presented. This drew the largest crowd of the Chautauqua. It is a great play and was very ably presented, causing no end of fun and least gripping interest, and was pronounced splendid by the entire audience.

Mary Mason's Marionettes entertained the children Saturday morning, and to the afternoon Chester M. Hanford lectured on "Features of the Mind." It was pronounced one of the best lectures of the Chautauqua and on a most important subject. The evening entertainment was the comedy drama "Friendly Enemies." This was a splendid presentation and caused much applause and laughter from the audience.

On Monday the last day of the Chautauqua Vienna's Hawaiians gave a popular concert. This is a company of native Hawaiian players and singers, giving plaintive melodies characteristic of their native music.

On Tuesday the engagement of the Hawaiians gave another delightful concert followed by Jesse Pugh, the fun specialist. A big crowd was present and the audience was delighted with his comedy sketches and dramatic interpretations.

## DR. GILBERT DRAWS FINE AND JAIL SENTENCE

Dr. L. F. Gilbert, of Shady Grove was fined \$216 and given a jail sentence of 30 days on a charge of transporting liquor in the Providence police court Tuesday, but an appeal was filed through his attorney Vert C. Frazer. When arrested recently Dr. Gilbert had a pair of saddle bags which contained a demijohn of white wine. In making his defense the doctor testified that the whisky had been mixed with medicine to be used by some of his women patients and was unfit for beverage purposes—Providence Enterprise.

## EASTERN STAR PUNIC

All members of the Eastern Star are urged to join the picnic party at 2 o'clock Friday afternoon July 7 and go to a place near Crooked Creek church, where supper will be prepared and served.

MRS. C. R. HINA, W. M.

## FOR SALE

Farm consisting of 84 acres 8 1/2 miles from Marion, 1 1/4 mile from school house, good 6-room house, good barn, nice orchard, well watered. Bargain if taken at once. See or write M. M. Merrill, Rt. 3 or Rt. 1, Settles, 8 Star Route. 41'6

## MRS. FANNIE JOHNSON DIES

Mrs. Fannie Johnson, a beloved old lady of the Piney section of Crittenden county, died at her home on Wednesday morning of last week. The deceased was a widow of William Johnson, who has been dead a number of years, and was 78 years old. She was the mother of J. W. Johnson of this city and Mrs. J. H. Ford of Crittenden county. A sister Mrs. Sibbie Jenkins who made her home with Mrs. Johnson, died only last Sunday aged 82. The funeral was held Thursday with interment in the family graveyard—Providence Enterprise.

## Lost, Strayed or Stolen

Bay horse about 14 hands high. Saddle horse, Crease fallen. White left hind hoof. Trace marks on both sides. Notify W. M. HURTON, R. R. No. 2, Hargis, Ky.

## RADIO SET SOON TO BE READY

Installation in Masonic Lodge Room Soon to Be Completed and Ready for Use

The new Radio Receiving set now being installed in the Masonic Lodge room will soon be ready for inspection and "listening in" by the Ma-son. The set is one of the best made by the General Electric Co., whose electrical goods are well known and comprises a receiver having a range of 170 to 500 meters, detector and two stage amplifying unit and a Marconi loud speaking horn. Additional amplifying equipment may be added later.

In spite of the extremely unfavorable atmospheric conditions, static, etc., a number of the large broadcast stations have been heard, among which were Atlanta, Indianapolis, Detroit, Pittsburgh and Newark. The regular station at Louisville will be in operation about July 15. Market and weather reports and music are broadcasted at intervals throughout the day and the evening programs consist of concerts by orchestras, bands, quartets, soloists, etc.

On account of the static and other interferences during the hot summer months, the Radio entertainment cannot be enjoyed at its best.

Tom Lamb and Bob Wiborn are installing and "tuning" up the outfit and will probably have permanent installation made within the next few days after which it will be ready for the entertainment of the members of the Masonic fraternity and their families.

It may be interesting to note that the Rev. M. E. Budd, who conducted a series of meetings at the First Baptist church here some years ago is now pastor of a church at Shreveport, La., and that his congregation has recently completed a new half million dollar church building and has put in a broadcasting set and his sermons have been heard at a number of places in the south. His mother, who is 82 years old, residing at Trenton, Tenn. has a receiving set and can hear his messages every Sunday.

## SHORTAGE OF TEACHERS LIKELY

County Superintendent J. L. F. Paris reports that about 75 percent of the public schools of the county have been taken and that there is likely to be a shortage of teachers for the coming season. This is caused by the rather rigid examinations of the applicants for certificates and by the dropping out of some of the teachers on account of the pay. The new state law adding another month to the term making seven months to teach with the same amount of money to pay the teachers has last year they got for teaching six months makes it a hardship on the teachers, as most districts are unwilling to vote any additional tax to supplement the school fund.

## GOES TO PEN

Deputy Sheriff Joe Hunter Travis left Tuesday morning for Kentucky with George H. Fletcher who was convicted at the term of circuit court just closed on an indictment charging him with obtaining money under false pretenses. The term of Fletcher's imprisonment is for one year.

## THE SUMMER SCHOOL

The Crittenden county summer school for teachers met on the fifth week is nearing its close. The term has been a very successful one with an attendance of about 80. This compares favorably with the attendance of similar schools of other counties of the state. The instructors are R. E. Jagers and J. M. F. Hays and Sully Lowery.

## HON. JOHN F. KRAMER

Despite the storm of rain which visited the city Sunday evening the address given by John F. Kramer, First Prohibitioner given at the Methodist church drew a big crowd. The address was greatly appreciated and highly complimented. The music led by Billy Yates was a pleasing feature of the meeting.

Rev. J. C. Lilly will be assisted in his revival meetings this summer by Rev. D. P. DeHart, of Ashland, who will lead the singing.

## REGISTRATION LAW INVALID

Court of Appeals Holds Act of 1922 Unconstitutional

The general registration act of 1922 requiring all voters to register in every precinct in the state the second Monday and Tuesday in July, was held unconstitutional by Chief Justice Rollin Hurt of the Court of Appeals granting an injunction of J. M. Perkins prominent Republican of Frankfort to restrain the Franklin County Board of Election Commissioners from holding the registration. The suit was backed by the Republican state organization.

All the judges of the Court of Appeals considered the case with the Chief Justice, and all concurred in the conclusion excepting Judge William Rogers Clay, who filed a dissenting opinion.

The act was held unconstitutional because it does not provide for a special election or for a special election or for a special registration of public officers, militia-men, jurors and others whose duties prevent them from registering on the regular registration day.

## TABERNACLE MEETING

Rev. O. M. Tappan, pastor of the Tulu Methodist church and Evangelist H. G. Franklin left Monday for Crofton, where they will engage in a revival meeting. The services will be held in a big tabernacle under the auspices of the Crofton Methodist Church.

## THE SCHOOL PER CAPITA

Schools throughout Kentucky will receive \$10 from the state for each child in the district in which the individual school is located. This has been announced by State Superintendent of Public Instruction George Colvin. This is the same per capita allowance made last year and is based on the prospective revenues of the state.

## FORMER MARION CITIZEN DIES IN IDAHO

News has reached here of the death in Idaho of James Tifford Elder who was born and reared in Crittenden county and will be remembered by many of our older readers. More than twenty years ago he left here with his family for the west locating first in Kansas and afterward in Idaho.

Mr. Elder was a great church and Sunday school worker and was for a number of years County President of the Kentucky Sunday School Association. He is survived by his wife who was before her marriage Miss Mary Duwell, and by eight children, four boys and four girls, all of whom are married and live in the west. His two eldest sons, Robert and Ed are attorneys at law in their Idaho city. The deceased had a large number of relatives and friends in this county.

## BUSINESS FOR SALE

On account of poor health I will sell the agency for the J. R. Watkins Medicine Co. for Crittenden county, also my wagon and team and a nice clean stock of goods. Hustling salesman can make good money as every home can use Watkins products. Write or call on

J. H. NIMMO, Marion, Ky.

## OLD LADY DIES

Mrs. Sarah Jenkins, aged 84 years, died at the home of her brother, Judge Aaron Towers, in Crittenden county Sunday and the interment was in the Odd Fellows cemetery at Madrasville Monday afternoon—Enterprise.

## CARD OF THANKS

We wish to take this opportunity thru the medium of the paper to thank the many friends for the many kindnesses shown to us in the dark hour of our lives. The one bright spot in the gloom of sorrow thru which we have passed is the fact that to us was shown by all the true spirit of Christ in loving words, kindly acts, and genuine expressions of sympathy. May God richly bless all our dear friends who so nobly rendered to us assistance.

Mrs. E. H. Holtzclaw and Family

## CIRCUIT COURT

After Completing Commonwealth Docket Petit Jury Was Discharged Thursday

The case of Marsh Crider, under an indictment charging him with selling spirituous, vinous and malt liquors, was tried Wednesday of last week, resulting in a hung jury.

The case of C. C. Hebout charged with violation of the prohibition laws by selling whisky, was tried Wednesday, the jury returning a verdict of guilty and fixing his punishment at \$50 fine and 30 days in jail.

Archard Shelby, colored, was tried under two indictments each charging him with a violation of the prohibition laws by selling whisky, was found guilty and given a fine of \$50 and 30 days in jail in each case.

The case of Fred H. Fletcher under an indictment charging him with obtaining money under false pretense was tried Wednesday, the jury returning a verdict of guilty and fixing his punishment at one year in the penitentiary.

Case against C. C. Hebout charged with selling whisky was tried Wednesday and the jury after deliberating until Thursday morning failed to agree.

The defendant then pled guilty and was given a fine and imprisonment by the court of \$50 and 30 days in the county jail.

Three bottles of whisky which had been used as evidence in the cases were turned over by the court to Deputy Sheriff H. K. Woods, who promptly poured the contents on the ground.

The Commonwealth docket having been disposed of the petit jury was discharged at noon last Thursday.

## GOOD WHEAT CROP

Mr. J. I. Clement sowed a field of Jersey Fultz wheat on his farm a few miles south of town which yielded a crop of 23 1/2 bushels to the acre. The wheat had a generous application of phosphate and limestone.

## DEATH CLAIMS

### E. H. HOLTZCLAW

Ellis Heady Holtzclaw died Saturday evening July 1, at his home on West Bellville street after a short illness, in the seventy-third year of his age.

Funeral services were held Monday morning at 10 o'clock at the Main Street Presbyterian church, conducted by the pastor, Rev. E. N. Hart. The remains were laid to rest in Maple View cemetery.

Mr. Holtzclaw is survived by his wife, who was before marriage a Miss Stewart, and by a daughter, Miss Lena Holtzclaw, of this city.

Mr. Holtzclaw came to this city with his family in 1894 and was therefore a resident of Marion for 28 years. He was a good citizen, a devoted husband and father and for many years had been a member of the Presbyterian Church and an elder in this church for a number of years.

## A TWO DAYS PUNIC

Mr. Charles R. Hina, teacher in the Sunday School of the Main Street Presbyterian church took his class out Wednesday morning for a two days picnic. They took a camping outfit, drove to the piney woods where they pitched their tents, had a delightful time with plenty of good things to eat and just lots of fun, returning Thursday evening. The pastor, Rev. E. N. Hart, was also among the picnickers.

## COAL MINERS

Wanted to let contract for operations on coal property at once. Call or see B. D. CARRAHAN, Marion, Ky. Phone 64.

## BIG CABBAGE HEAD

Mr. F. L. Nunn of this city has brought to this office the largest head of cabbage that has been reported so far. The head exhibited here is thirty-six inches in circumference, eleven inches in diameter and weighs twelve pounds. Mr. Nunn says he has other heads in his cabbage patch just like it.

Messrs. Jack Johnson, Gabe Watson, Jake Stephens, Judge J. A. Moore and Guy Olive are painting their residences on East Depot St.

## BIG TIME AT CONVENTION

New Orleans Preparing to Entertain American Legion Members in Grand Style

NEW ORLEANS, July 6, 1921.—When the tumult and shouting died away and the American Legion hosts prepared to leave Kansas City following the national convention there last fall the general feeling was that there never would be another convention of similar magnitude and general good times.

Faced by the necessity of living up to the high mark established by Kansas City the 1922 convention committee started work immediately following the 1921 gathering. The result of this activity is the formation of a program for entertainment of the 150,000 visitors expected which will eclipse in originality and spontaneity all previous conventions.

The plan of action for New Orleans convention authorities has been to provide certain types of amusement to satisfy the various tastes of visitors. Each man will be able to take advantage of the kind of entertainment he desires.

For five days starting October 16 New Orleans will cast aside its modern American ways and will revert to the days of French and Spanish domination. The famous carnival atmosphere of the Mardi Gras will prevail, bringing to every visitor that spontaneity which dominated the streets of Kansas City.

Arriving in New Orleans the visitor will be transported to a cosmopolitan atmosphere. He will meet Creole and French girls, attired in the headress and garb of Brittany, Normandy and other French provinces. At the street corner he will see on sale a special La Vie Parisienne edition of a local newspaper. If the train arrives at night his journey to the hotel will be down a great White Way. Thirteen thousand electric lights will make the downtown streets a memorable display.

There are no descendants of Jesse James among the hotel proprietors of New Orleans. Co-operating with the convention committee to the fullest extent, all principal hostilities have agreed to give the visitor a bunk for \$1.50 a day minus bath and for \$2.50 a day with the porcelain tub.

As a special act of courtesy to the Legion hosts a celebrated French carnival parade will be held by a number of French societies who have made the Mardi Gras a national event. The festivities will be held in the evening.

Breadnaughts, cruisers, submarines and sub-chasers will frolic in the port of New Orleans for the amusement of the doughboy. The Conventions water carnival is expected to be one of the most unique features of the program.

An experienced hostess, Miss New Orleans is preparing to demonstrate her hospitality to the Legion visitors and to send them back to their homes with happiest memories of the fourth annual national convention of the American Legion.

## DRY AGENTS FINED

A dispatch from Henderson states that J. T. Gaskins and George H. Manley, federal prohibition officers were fined \$100 and costs by Magistrate Thomas H. Bennett on the charge of drawing deadly weapons on Geo. T. Green, former sheriff of Henderson county. The defendants appealed their case to the Circuit Court.

Green testified he was sinking a well and the officers came upon him and Ed Presley, a laborer, he said Gaskins commanded them to throw up their hands which they did and both defendants then approached them with guns and searched their persons for arms. Green asked them if they had a search warrant and they replied they did not. He said they were under arrest for more than an hour guarded by three officers while a search was made of the premises.

Gaskins testified he drew his rifle on Ed Presley when Presley failed to throw up his hands, but denied drawing the weapon on Green. He said Manley did not have a rifle. Manley testified he did not have a rifle, but that W. C. Kimball, federal agent, had one.

Magistrate Bennett in rendering his decision said the defendants made an illegal search because they did not have a search warrant.

## THE CRITTENDEN PRESS

Marion, Ky., July 7, 1922

Published every Friday by  
W. F. HOGARD & wife  
R. E. WILKINS, Mgr. Job Day

Entered as second-class matter  
February 9th, 1878, at the postoffice  
at Marion, Kentucky, under the Act  
of Congress of March 3rd, 1879.

**SUBSCRIPTION RATES**  
In County and Zone One \$1.00  
Zone Two and Beyond \$2.00

### Farm Bureau Notes

#### Junior Club Camp

The Crittenden County Junior Agricultural Club will hold a camp at Chapel Hill the week of July 14th. The camp will run for four days under adequate supervision. The purpose being to teach boys and girls the four standards, to inspire boys and girls to lift themselves toward these standards and to illustrate and train boys and girls for leadership. The members attending will be given instruction in agriculture and home economics, wood craft, home law and nature study, home art, plant and first aid in saving life and health. The members will be divided into tribes each tribe competing with the other in camp contests and living up to the rules of the camp. Past instructors are coming from Lexington and a Y. M. C. A. man from Louisville to assist in this camp.

This camp is the first of its kind in the county. It will be a very worth while camp and one that means much to the future farmers of the county. The County Agent will be glad to give all possible information on this camp. Come in and see the County Court day and talk over the plans.

#### Stomach Worms in Sheep

One of the most serious enemies of the sheep industry in Kentucky is the stomach worm. It is safe to say that practically every flock in the state is infested with stomach worms. The symptoms are not so plainly evident. The only safe and economical way of raising sheep where stomach worms are a factor is by managing the flocks and pastures in such a way as to prevent a serious development of the trouble.

**SYMPTOMS** Either sheep or the lambs may be infected with stomach worms at any time of the year. Generally the first sign of trouble is the death of one or more lambs. Dullness, lack of thrift and emaciation accompanied by a very pale bloodless skin and mucous membrane of the nose and mouth are first symptoms. Some times there is a watery swelling under the jaws.

Stomach worms injure sheep in three ways: By sucking blood; By destroying the red corpuscles of the blood; By bacterial infection thru the wounds which they make in the lining of the stomach.

**TREATMENT** Change pastures frequently. If permanent pastures are used alone, adequate control would call for as many separate pastures as would allow the flock to be moved at least every two weeks without going on the same ground more than 12 months. This frequently cannot be done. Many cases if not too far advanced can be treated successfully by drenching with a weak solution of blue stone.

Give one-fourth pound of the powdered crystals of bluestone in one pint of boiling water using porous earthenware dishes as the liquid corrodes most metals. Then add enough water to make the solution as to three gallons using wood, earthenware or other non-metallic receptacles. This will make approximately a solution enough for 100 sheep. Crush the crystals to a fine powder when ready to make up the solution.

For lambs under one year 1 3/4 ounces for sheep one year and over 3 1/2 ounces. 1/2 bottle of an ordinary empyria bottle with the opening made smaller by inserting half of cork into it. This prevents the liquid from flowing out so rapidly as to strangle the sheep.

The County Agent will be glad to give demonstrations in drenching for stomach worms where it is desired.

#### White Stains on Hardwood

A mixture of oil and lime will kill many white stains from hardwood which are caused by borers. The oil should be mixed thickly with oil and then as much olive oil is poured over as will make it run up. This should be done once and in the morning the stain should be freshly rubbed with the mixture which is then wiped off. If there is still any trace of stain the application is repeated again standing for hours.

### CITY ORDINANCE

An ordinance or resolution, assessing the cost of oiling and sanding the streets of Marion Kentucky as a tax against the owners of the property abutting on the streets oiled and sanded and creating a lien on the property abutting on said streets to secure the payment of said tax.

Whereas the streets or portions thereof ordered to be improved by oiling and designated in a resolution for that purpose passed by the common council of the city of Marion on the 31 day of April 1922 having been so oiled and sanded and improved at a cost thereof per square foot of five and one quarter mills per square foot for oiling and sanding, and four and one quarter mills per square foot where oiled only.

That said cost per square foot as above indicated be and the same is hereby fixed and established for said oiling and sanding and that the city street commissioners be and they are hereby directed to apportion the cost thereof among the various parties owning said property abutting on said oiled, or oiled and sanded streets on a basis of five and one quarter mills for oiling and sanding and four and one quarter mills for oiling only per square foot, and certify same with the names of the parties owning the property to the common council.

It is therefore ordered by the common council of the city of Marion that there is now assessed and levied against those who own the property abutting on the streets and alleys so oiled, or oiled and sanded by said street commissioners the full cost of oiling or oiling and sanding to wit: five and one quarter mills per square foot for oiling and sanding, and four and one quarter mills per square foot oiling only, as a tax against their property to be known as an oiling tax, to be collected as other tax of the city, and the city shall have the same tax lien against the property abutting on the street or portion thereof or alleys and the collection thereof shall be enforced in the same manner as the collection of other taxes collected for the city. Said tax to become due and payable within 30 days after notice of same has been given as required by the Kentucky Statutes Sec 2741 E 4 and if same is not paid at the expiration of 30 days there shall be imposed a penalty of 10 per cent on the amount due.

Passed and approved this the 5th day of July 1922.

BENE HOWELL, Mayor  
E. L. HARPENDING, Clerk

#### Crittenden County Court

Commonwealth of Kentucky

By V. O. Chandler, Sheriff, Plaintiff  
vs. John C. Angell, Assignee Heil & Heath Mountain Coal Mining Co., Defendant.

By virtue of a judgment rendered in the above styled action I will on Monday the 10th day of July 1922 between the hours of 10 A. M. and 2 P. M. at the front door of the Court House in Marion, Crittenden County, Kentucky, expose for sale to the highest and best bidder for cash the following described property or so much as may be necessary to satisfy the amount of taxes, penalties, suit and costs assessed against said property and costs amounting to the sum of \$48.60.

The minerals and right to mine the same in and under the following described tract of land conveyed to the Heil and Heath Mountain Coal Mining Company by Caroline M. Carville on the 1st day of Sept. 1886 by deed of record in Deed Book II on page 328 in Crittenden County Court Clerk's office and described as follows:

**FIRST TRACT** Beginning at a black oak, William Newman's second corner running thence N. 6 W. 101 poles to an ash, elm and hickory on the bank of Tradewater river, said Peter Casey's upper corner of Survey No. 39; thence S. 76 E. 212 poles to an elm on the bank of a branch on Dudley Newman's corner, thence S. 88 W. 24 poles up the branch to a sweet gum on the bank of the branch, thence S. 87, 30' W. 16 poles to an elm and sweet gum up the branch above the road passing from Salem to Morganfield, Kentucky, thence S. 17 W. 26 poles to a hickory near the fence of and a corner to William Newman, thence N. 78 W. 146 poles to the beginning containing 100 acres.

**SECOND TRACT** Being the same conveyed to W. C. Carville on 15th of Sept., 1889 by Thos. P. Newman and wife and bounded as follows, beginning on a black oak and running thence North 176 poles to a stake in line of original survey thence West 40 poles to a post oak, thence S. 21 W. 120 poles to a black gum; thence S. 16, E. 30 poles to a black oak; thence S. 70 E. 82 poles to the beginning containing 74 acres more or less.

**THIRD TRACT:** Conveyed by R. B. Young and wife to W. C. Carville on 15th day of March 1887 and bounded as follows: Beginning on a hickory, lower corner to John Snodgrass, running thence West 200 poles to a post oak, thence North 160 poles to a hickory and dogwood, thence East 160 poles to an elm on the bank of the river, thence with the meanderings of the river, namely Tradewater, to the beginning containing 200 acres more or less.

## Illinois Central System Dollar: Where It Comes from and Where It Goes

Railway statistics are confusing to many persons because they are expressed in terms of millions. In the tables presented herewith we have attempted to tell the story of the receipts and expenditures of the Illinois Central System in terms of the cents which make up a dollar. The railroad receives a dollar and spends it; these tables show how the Illinois Central System dollar was received and spent in 1921:

#### WHERE THE 1921 DOLLAR CAME FROM

	Cents
Transportation of freight (44,637,166 tons, average distance per ton 270.16 miles, average revenue per ton per mile 1.115 cents)	71.71
Transportation of passengers (37,027,889 passengers, average distance per passenger 25.25 miles, average revenue per passenger per mile 3.104 cents)	16.88
Transportation at Mail	1.69
Transportation of express	1.53
Sources related to freight service, such as demurrage and storage and special service	0.49
Switching service	0.87
Sources related to passenger service, such as operation of parlor cars, express baggage, etc.	0.56
Hotel, restaurant, dining and buffet service	0.56
Station and train privileges and miscellaneous	0.32
Rents of equipment, road, buildings and other property, joint facilities, and miscellaneous income	2.79
Income from corporate investments	2.50

#### WHERE THE 1921 DOLLAR WENT

	Wages	Material	Total
	Cents	Cents	Cents
Maintenance of tracks, roadbed, buildings bridges and other			
Structure wages 54.7 per cent, material 45.3 per cent	8.86	7.89	16.65
Maintenance of locomotives, freight and passenger cars and other equipment wages 62.67 per cent, material 37.31 per cent	11.87	7.07	18.94
Train, station and switching operations and other transportation service wages 82.96 per cent, material 17.04 per cent	24.81	1.88	26.69
Traffic agencies, compilation and issuance of tariffs, miscellaneous traffic expenses wages 13.11 per cent, material 26.86 per cent	0.91	0.34	1.25
Hotel, restaurant, dining and buffet service wages 18.39 per cent, material 51.61 per cent	0.30	0.32	0.62
Fuel			7.50
Salaries of clerks and other general office employees			1.48
Legal expenses			0.16
Pension department expenses			0.18
Salaries of general officers			0.19
Valuation expenses			0.15
Miscellaneous general expenses			0.37
Depreciation and retirement of equipment			3.99
Loss, damage and casualties			1.97
Rent of equipment, leased lines, joint facilities and miscellaneous rents			2.15
Interest on bonds and other interest charges			6.85
Dividends on capital stock			1.48
Taxes			5.51
Balance available for enlarging and improving the property			1.60

This statement is made for the purpose of keeping our Patrons informed about the Illinois Central System.

Constructive criticism and suggestions are invited.

C. H. MARKHAM,  
President, Illinois Central System.

## Hail Insurance Rates Reduced on Tobacco

With the recent reductions of hail storm insurance rates on growing tobacco, in the face of the enormous losses to growers within the last four or five years, every grower can afford to protect himself to the limit and, with safety, go into the business of producing a crop that requires so much money, time and labor, as does tobacco, that should be insured against loss by hail storms.

Now that so many growers have gone into an organization for a more economical business way of handling their crops, and the insurance companies have so lowered rates on hail insurance, there is no reason in the world for any grower to neglect the protection of his crop by hail insurance.

Butter see your insurance agent right away and have him protect your crop, which is likely to be destroyed any day by a hail storm. Policies become effective noon, July 10th.

#### SHERIFF'S SALE

Crittenden Circuit Court  
T. H. Cochran and Company, Plaintiff  
vs. Notice of Sale  
P. H. Wright, Defendant

Notice is hereby given that in pursuance to an order of the Crittenden Circuit Court entered in the above cause on the first day of July 1922, I will sell to the highest and best bidder one Chalmers Touring automobile 1920 model. Said sale to be held at Foster and Tucker Garage in the town of Marion, Crittenden County, Kentucky, promptly at 10:00 A. M. on Saturday July 29th, 1922. This property will be sold on a credit of six months and purchaser will be required to execute bond with approved surety for the payment of the purchase price.

JAMES T. WRIGHT  
Sheriff Crittenden County.

#### NORMAL CROP YEAR IN SIGHT

Practically normal crop conditions the most over are reported by the United States Department of Agriculture. Argentina's wheat harvesting is making progress. The yield is of good quality but the area planted was approximately 1,000,000 acres less than for the preceding year. With European demand somewhat lighter as a result of increasing home production and a tendency to curtail imports, even so large a reduction in the case of Argentina, which exports heavily, does not appear to be out of the ordinary. Australia, on the other hand, will have a harvest approximately equaling that of 1920-21. Germany's winter crops are showing some deterioration and France also reports a recession from earlier estimates. While Hungary and several neighboring states indicate favorable conditions India and Egypt probably will grow more rice this year than last. In the United States winter wheat is generally in good shape throughout eastern and northern states, while the situation in the Southwest is less promising. Canada anticipates a satisfactory crop.

#### Incorporated Business

An incorporated business is one that is owned by a corporation, as its financials from one owned by an individual or a partnership of individuals. In an incorporated business liability for debts extends only to the property owned by the corporation, whereas an individual doing business in his own name is responsible to the full amount of his possessions.

#### Bottom an Ice Wagon.

When two little Irish boys asked a woman in an electric machine for a ride she looked into the upturned dirty faces and couldn't resist. While driving to the street they had designated they sat perfectly still with eyes focused straight ahead, but when they got out she heard one say: "Now, that's better'n ridin' a ice wagon, huh?"

#### SAGE SAYINGS

Every man alone is sincere; at the entrance of a second person, hypocrisy begins.—Kierkegaard

Most people, when they come to you for advice, come to have their own opinions corrected.—Billings

Life is a wrestle with the devil, and only the frivolous think to throw him without taking off their coats.—J. M. Barrie

In the world's opinion marriage, as in a play, winds up everything; whereas it is, in fact, the beginning of everything.—Miss Swetshin

## FORDS FERRY

Mrs. Emma Hughes of Weston section was the guest of Mrs. Alice Rankin in Friday.

Mrs. Amanda Pickering of Cave-in-Rock, visited relatives at this place recently.

Quite a number of people from this place attended Missionary Day at Baker Sunday.

Miss Sarah Rankin spent Saturday night with her sister Mrs. Henry Phillips of Unad.

Mrs. George Pickering and Miss Mary McConnell of Cave-in-Rock spent one day recently the guest of Mrs. Charles Dewey.

Nolan and Everett Brewer made a trip to Shawneetown Sunday.

Mrs. Emma Hughes is spending a few days with Mrs. Lela Clement of Clementsburg.

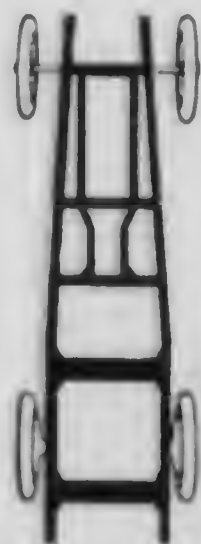

Mr. and Mrs. Roy Hamilton of Hardin County was the guest of Mrs. Hamilton's parents Mr. and Mrs. J. L. Rankin of Clementsburg recently.

Mrs. H. W. Lurry and sister, Mrs. Mary Yeakey left Sunday for Paducah, where the latter is to undergo an operation.

Cancer of the Toe Nail.

One of the latest diseases known to cancer of the nail only has been reported on record. The most recent case is described by Dr. Charles Chapman of the medical college of Bethel College, Hiram, Me. It is that of a tailor and miller who had it on the nail of his right great toe. The toe was amputated and the most apparently cured disappeared. The toe was examined microscopically and confirmed the diagnosis.

## Studebaker Bodies Don't Rattle or Squeak

The Special-Six chassis frame is 7' deep 17 inches from a width of 29" in the front to 41" in the rear, so that the sides of the body fit perfectly without overhang. Five cross-members prevent the distortion that eventually causes bodies to squeak.

Studebaker bodies rest squarely on the chassis frame—not on the body sills. The body and the frame form a rigid unit that successfully resists the rack of the road.

Studebaker bodies are built in Studebaker shops by men, many of whom have been building vehicle bodies for Studebaker for upwards of 30 years—and their fathers before them. Studebaker has been building fine bodies for seventy years.

Studebaker Special-Six bodies, because of their quality and soundness, weigh more than those of other cars around the Special-Six price. You cannot skimp in material and build a body that will not rattle.

Freedom from rattle or squeak is just another of the fine-car refinements that emphasize the extra value of the Studebaker Special-Six.

Had Your  
Iron Today?

## Toast It— Delicious Raisin Bread

DO this some morning and surprise the family: Serve hot *raisin toast* at breakfast, made from full-fruited, luscious raisin bread. Let your husband try it with his coffee. Hear what he says.

Your grocer or bake shop can supply the proper bread. No need to bake at home.

Made with big, plump, tender, seeded Sun-Maid Raisins, and if you get the right kind there's a generous supply of these delicious fruit-meats in it.

Insist on this full-fruited bread and you'll have luscious toast.

Rich in energizing nutriment and iron—great food for business men.

Make most attractive bread pudding with left-over slices. There's real economy in bread like this.

Try tomorrow morning. A real surprise. Telephone your dealer to send a loaf today.

## Sun-Maid Seeded Raisins

Make delicious bread, pies, puddings, cakes, etc. Ask your grocer for them. Bread for free book of tested recipes.

### OLD NAMES BACK IN FAVOR

"Mary" and "Eliza" Again in Style, After Having Suffered a Temporary Eclipse.

Old-fashioned names are again in style, and the greatest of them all—Mary—leads the list of present-day favorite names. Next come Eliza, Mary, and Eliza.

"I have a passion for the name of Mary," says Eliza, and many a girl has followed her lead, and many a girl has followed her lead.

The name Mary is a name of power, and it is a name of power. It is a name of power, and it is a name of power.

Of course, Mary is a name of power, and it is a name of power. It is a name of power, and it is a name of power.

### Fan Can Serve Two Purposes

The big, wheel-like fan placed at the top of the air shaft of a cool room for ventilating the air is a device designed for blowing air from the room, and sometimes for drawing it out.

Many men are always poor.

Red Cross Hall Blue should be used in every home. It makes clothes white as snow and never injures the fabric. All good grocers.—Advertisement.

### Excellent Advice

"Never refuse to see what you do not want to see or what you do not want to hear. It is the only way to get the truth. It is the only way to get the truth."

The world is a very large place, and it is a very large place. It is a very large place, and it is a very large place.

### Atmosphere of the Earth

The earth is a very large place, and it is a very large place. It is a very large place, and it is a very large place.

## RADIO

### MORE ABOUT VACUUM TUBE AS A DETECTOR

How a "Three-Electrode" Is Connected in a Simple Radio Receiving Circuit.

Obviously working the tube at a point on the upper end of knee of the characteristic curve would produce the same asymmetrical changes in the plate circuit by asymmetrical changes in the grid potential as it will if the tube is worked at the lower end of

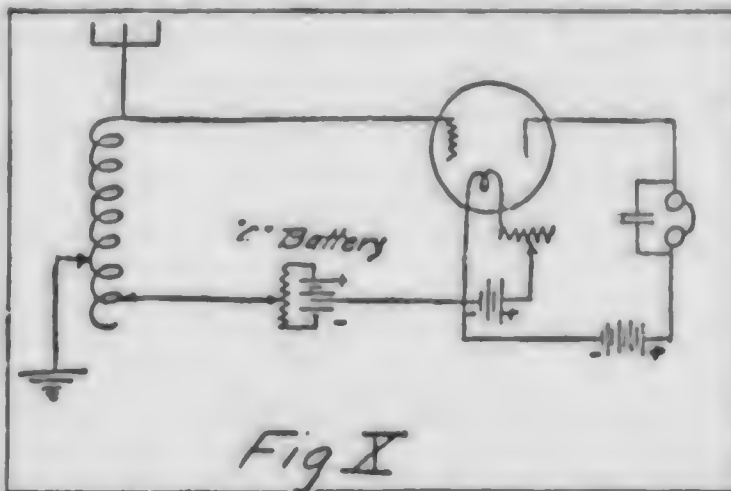

Fig. I

knee of the curve. However, the alternating current applied to the grid would now produce a large decrease and a small increase of the plate current, the reverse of that shown in Fig. 9. The objection to working the tube on the upper end of knee of the curve is that when all potential is applied to the grid a relatively large

plate circuit current and the tube would not function as a detector.

Fig. 10 shows how a three-electrode vacuum tube is connected in a simple radio receiving circuit. The "A" battery furnishing the necessary plate potential is connected with its positive side through the plates to the plate. The filament is heated to the required temperature by the battery "A". The incoming radio frequency alternating current is applied to the grid and the negative side of the filament through the "C" battery. By connecting the negative side of the filament to the midpoint of the "B" battery a positive potential can be applied to the grid in biasing the slider on the "B" battery potentiometer up or the grid can be made negative with respect to the filament by moving the slider on the "C" battery potentiometer down.

In practice a "B" battery is not used to force a three-electrode vacuum tube to function as a detector.

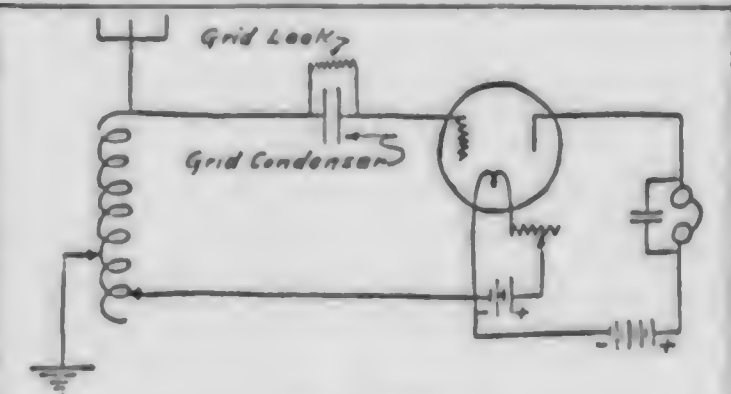

Fig. II

current flows due to the plate circuit and a relatively large plate current would be produced. It is better to work the tube at the lower end of the knee of the curve.

When the tube is worked at the lower end of the knee of the curve, the plate current is relatively small and the grid current is relatively large. This is the condition in which the tube will function as a detector.

### USING ELECTRIC LIGHT WIRE

Experts Tell the Safe Way to Employ This System for Radio Receiving.

Since the introduction of the vacuum tube, the use of electric light wire for radio receiving has become a popular method. It is a safe and reliable method, and it is a safe and reliable method.

## THE MAN WITH DOUBLE BRAIN

Hayward Thompson, Memory Shooked During World War, Writes With Both Hands

The majority of us do well to write legibly with either of our hands, but when a man is found who can write with both hands simultaneously, it is a rare thing. Hayward Thompson, of Marion, Ky., is such a man. He is a writer of some note, and his story is a most interesting one.

Thompson's memory was shaken only in the time when he was in the army. He was a member of the 1st Central Postal Directory, and he was in the army from 1917 to 1919. He was in the army when he was in the army, and he was in the army when he was in the army. He was in the army when he was in the army, and he was in the army when he was in the army.

## THE REAL UNKNOWN SOLDIER

Child of Streets, Picked Up by Kind-Hearted Brothers, Never Knew Who He Was

Through the story of a soldier who was picked up by kind-hearted brothers, never knew who he was. He was a child of the streets, and he was picked up by kind-hearted brothers. He was a child of the streets, and he was picked up by kind-hearted brothers. He was a child of the streets, and he was picked up by kind-hearted brothers.

A boy named John, who was a child of the streets, was picked up by kind-hearted brothers. He was a child of the streets, and he was picked up by kind-hearted brothers. He was a child of the streets, and he was picked up by kind-hearted brothers. He was a child of the streets, and he was picked up by kind-hearted brothers.

John was a child of the streets, and he was picked up by kind-hearted brothers. He was a child of the streets, and he was picked up by kind-hearted brothers. He was a child of the streets, and he was picked up by kind-hearted brothers. He was a child of the streets, and he was picked up by kind-hearted brothers.

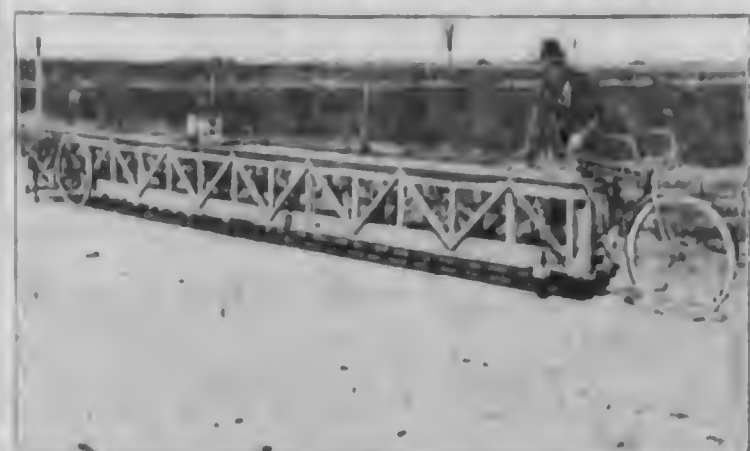

## WOUNDED ON ARMISTICE DAY

Buckeye Naval Officer Holds Distinction of Being Injured in Action After Close of War

O. H. Hall of Toledo, Ohio, holds the unique distinction of being a United States naval officer who was wounded in action after the armistice was signed. He was a naval officer, and he was wounded in action after the armistice was signed. He was a naval officer, and he was wounded in action after the armistice was signed.

Soldiers Censored With Idioms. Soldiers and sailors, along with farmers, laborers and other people are denied the right of suffrage in certain states of the Union. It is pointed out by a writer in the American Legion Weekly, that because of their occupation, soldiers and sailors are not allowed to vote in the following states: Indiana, Missouri, Nebraska, North Dakota, Ohio, Oregon, Texas and West Virginia.

## EXPERIMENTAL HIGHWAY WORK AT ARLINGTON WILL BE CONTINUED

Device for Testing and Measuring the Smoothness of Roads.

Proposed by the United States Department of Agriculture.

A comprehensive program of road building research and investigation during the coming season at the Arlington Experimental Station near Washington, D. C., is announced by the United States Department of Agriculture. The program is designed to determine the most efficient methods of road building and to determine the most efficient methods of road building.

The program is designed to determine the most efficient methods of road building and to determine the most efficient methods of road building. ## The Young Mother.

THE ILLS OF INFANTS AND CHILDREN should be so well known to the youngest of mothers that a reminder or a repetition of the symptoms of illness seems unnecessary, yet there are some mothers who overlook a feverish condition, a little colic, or a disposition to be irritable. If not corrected they may lead to serious sickness. And to correct them, to bring Baby back to its happy self, is so easy by the use of Castoria—a medicine prepared just for infants and children. It will regulate the bowels (not force them), aid digestion and so bring quiet and rest.

Fletcher's Castoria has been doing this for over 30 years; regulating the stomach and bowels of infants and children. It has replaced the nauseating Castor Oil, so-called Soothing Syrups, poisonous Paregoric and other vicious concoctions in the homes of true and honest mothers—mothers who love their children.

Those mothers will give their babies foods and medicines especially prepared for infants and children.

Exact Copy of Wrapper.

## Children Cry For

# Fletcher's CASTORIA

### A Word About Truth.

"Great is Truth, and mighty above all things." So says the Old Testament, yet it is equally true to-day. Truth shows no favors, fears no enemies.

From the inception of Fletcher's Castoria, Truth has been the watchword, and to the conscientious adherence to this motto in the preparation of Fletcher's Castoria as well as in its advertising is due the secret of its popular demand.

All imitations, all substitutes, all just-as-good preparations lack the element of Truth, lack the righteousness of being, lack all semblance even in the words of those who would deceive.

And you! Mothers, mothers with the fate of the World in your hands, can you be deceived? Certainly not.

Fletcher's Castoria is prepared for Infants and Children. It is distinctly a remedy for the little-ones. The BABY'S need for a medicine to take the place of Castor Oil, Paregoric and Soothing Syrup was the sole thought that led to its discovery. Never try to correct BABY'S troubles with a medicine that you would use for yourself.

MOTHERS SHOULD READ THE BOOKLET THAT IS AROUND EVERY BOTTLE OF FLETCHER'S CASTORIA

GENUINE CASTORIA ALWAYS

Bears the Signature of

## 10 Cents Gives Cheerful New Color Tone to Old Curtains

PUTNAM FADELESS DYES—dyes or tints as you wish

### It Works That Way.

Putnam's Fadeless Dyes are the only dyes that will give you a new color tone to old curtains. They are the only dyes that will give you a new color tone to old curtains. They are the only dyes that will give you a new color tone to old curtains.

### If a man pays a girl a few compliments...

If a man pays a girl a few compliments she is very apt to feel hurt when he stops paying them. This is because she has become accustomed to the compliments and when they stop, she feels the loss of them.

### Even when a man does have great...

Even when a man does have great success, he is very apt to feel hurt when he is not successful. This is because he has become accustomed to success and when he is not successful, he feels the loss of it.

# 2 or 3 Cans of Baking Powder

## Are Not Worth the Price of One

## RAT PEST IS MOST SERIOUS

Cause of Considerable Loss to Farmer and Poultryman—Plan to Eradicate Them

Rats are the most serious pest to the farmer and poultryman. They cause considerable loss to the farmer and poultryman. They cause considerable loss to the farmer and poultryman. They cause considerable loss to the farmer and poultryman.

## SHADE NEEDED FOR POULTRY

Old Burlap Bags Stretched on Wire Netting Will Afford Satisfactory Protection.

They all need it—chickens, ducks, geese, poultry everything in the poultry line from old hens to old turkey gobblers need some shade. The shade of bushes and shrubs, of orchard and grove, is the most attractive, but the shade of old burlap bags stretched on poultry netting stretched across a frame is a pleasant shelter from the intense rays of the sun to the feathered flock. Fresh water is another essential. Sun-warmed water is a breeder of cholera.

## GREAT VALUE OF BUCKWHEAT

Excellent as Chicken Feed and May Be Fed to Hogs and Other Stock to Advantage

## NOTICE

The partnership of J. T. Hicklin and John Eskew, transacting a general insurance business here by mutual consent has been dissolved. The business will be conducted in the future by the undersigned.

JAS. T. HICKLIN

## AVOID MISTAKES

No Need to Experiment With Marion Evidence At Hand

There are many well-advertised kidney remedies on the market today but none so well recommended—none so Marion recommended as Doan's Kidney Pills. Ask your neighbor!

G. M. L. Nesbitt, Cherry St., says: "I have taken Doan's Kidney Pills to regulate my kidneys when they have been out of order and they have always given good results. After an attack of the 'flu' my kidneys bothered me a great deal. I had severe pains in my back and the action of my kidneys was irregular causing a great deal of annoyance especially at night. I got Doan's Kidney Pills at Orm's Drug Store and they strengthened my kidneys."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills the name that Mr. Nesbitt had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. (Advertisement)

## DYCUSBURG

R. E. Ramage of Gary, Ind., is visiting here.

C. H. Armstrong spent the week end in Paducah.

Mr. and Mrs. Lisle Cooksey spent a few days here this week the guest of relatives.

Lynd and Ollie Owen spent a few days in Paducah last week visiting friends.

Hennett Ramage of Gary Ind., is visiting here.

Robt. Dycus and Wayne Lott are convalescent.

Pauline Trail is visiting in Birdsboro.

Mrs. L. V. Voster and daughters are visiting in Kuttawa.

## GIRL'S STATEMENT WILL HELP MARION

Many women will profit by the following statement of one of their sex: "I was afraid to eat on account of stomach trouble. Even rice did not agree. After taking Adler's I can eat anything." Adler's acts on BOTH upper and lower bowel, removing foul matter which poisoned stomach. EXCELLENT for gas on the stomach or sour stomach. Guards against appendicitis. It brings out poisonous matter you never thought was in your system. Haynes & Taylor, Druggists. (Advertisement)
